EDUCATION

University of Finance – Marketing, HCMC
Management Information Systems - MIS
2023 - 2027

SKILLS

Analysis & Design Skills

Requirement Analysis & Elicitation BACCM
Analysis & Solution Evaluation Business
Process Modeling (BPMN, DFD) UML
Modeling Business Rules Analysis

Soft skill

Analytical & Logical Thinking Problem
Solving Effective Communication &
Stakeholder Management Detail-Oriented &
High Responsibility

WORK EXPERIENCE

10/2025 - 11/2025

Bookstore Management System

Business Analyst

- Gathered and analyzed business requirements through stakeholder interviews; developed BRD, SRS, RTM, and BPMN/DFD/UML diagrams for bookstore operations.
- Designed UI/UX prototypes and validated workflows for sales, inventory, reporting, and role-based management modules.
- Collaborated with developers to ensure alignment between business requirements and system implementation.

2/2026 - 4/2026

Bakery Management System

Object-Oriented Analysis and Design

- Analyzed multi-branch sales and inventory workflows; defined 45+ Use Cases for ordering, payment, inventory, and CRM processes.
- Designed Activity, Sequence, Collaboration, and Class Diagrams alongside a 3-tier architecture and SQL Server database structure.
- Built business rules, constraints, and automated triggers for inventory synchronization and order processing.

CERTIFICATIONS
